These transactions have been entered into in the normal course of business and have been established under negotiated terms.

ADDITIONAL INFORMATION REQUIRED BY BURSA MALAYSIA LISTING REQUIREMENTS

Review of performance (Quarter 1, 2024 vs Quarter 1, 2023)

For the first quarter ended 31 March 2024, the Group recorded a turnover of RM1.78 billion, slightly lower by 3.2% from RM1.84 billion in the previous year's corresponding quarter. This was primarily due to a slight decline in domestic sales compared to the same quarter last year.

Amidst a challenging environment where consumers remained cautious with their spending and intense competitive landscape, we continued to focus on delivering high quality products, made in Malaysia, by Malaysians, to meet Malaysians' expectations of taste, convenience, nutrition and value. With close proximity between Chinese New Year and the start of Ramadan, our teams remained laser focused in ensuring effective commercial execution, relevant communication and operational excellence across all channels.

Innovation played again a role in the quarter, with successful seasonal offerings such as the KIT KAT Dragon, and great tasting and convenient additions to the HARVEST GOURMET range, such as the new Puff Pastries. The quarter saw also the relaunch of NESTLÉ ENERCAL COMPLETE, an holistic nutritional solution developed to meet the nutritional requirements of adults to support their healthy aging requirements, as well as the introduction of MAGGI IN MY MUG, a new convenient option to enjoy Maggi Noodles at any time of the day with a more convenient and environmentally efficient packaging solution that is meeting great early acceptance amongst Malaysians.

Profit Before Tax and Profit After Tax for Q1 2024 remained resilient at RM259.1 million and RM195.5 million respectively, with profitability as a percentage of sales slightly higher vs Q1 2023. In absolute terms, the marginal decline of 1.2% and 0.8% mostly reflects the impact of slightly lower sales, effectively offset by proactive cost management initiatives as well as better commodity costs compared to the same period of the previous year.

Beyond financial resilience, we continued to make significant strides in our Environmental, Social and Governance (ESG) agenda, with all our existing programmes continuing to make progress. An important milestone was the official launch of our biomass boiler in our Chembong Factory in Negeri Sembilan, Nestlé's largest MILO plant in the world, allowing to decrease the factory's greenhouse gas emissions by 14,000 tonnes of CO2 equivalent annually.

During the quarter, we continued to care for societal needs with substantive efforts mobilised again to support specific communities, with initiatives such as providing school essentials to 2,600 primary school students across the country; or the multiple food donations funded by our different brands. We are very honoured to collaborate with multiple entities throughout the Holy month of Ramadan, including our support to the Palestine and Syrian refugees in Malaysia, in collaboration with Malaysian Humanitarian Aid and Relief (MAHAR).

Variation of results against previous quarter (Quarter 1, 2024 vs Quarter 4, 2023)

For the first quarter ended 31 March 2024, the Group registered a turnover of RM1.78 billion, 5.9% higher compared to the fourth quarter of 2023, mainly due to higher sales during the Chinese New Year period.

Profit Before Tax was higher at RM259.1 million, mainly due to the higher sales and lower operating expenses.

3 Current year prospects

2024 is shaping to be a rather challenging year with pressure on short term growth derived from the lingering effect of inflation and foreign exchange volatility on Malaysians' purchasing power as well as heightened competition. We remain fully focused, as we have done through our 112 years of presence in the nation, to meet the needs and expectations of Malaysians, while being a responsible and proactive partner to bring positive societal change at multiple levels contributing to fulfil our mission of enhancing the quality of life and the transition to a more sustainable future for the benefit of all Malaysians.

4 Profit forecast

We do not issue any profit forecast.

Income tax expense 3 months ended 31.03.2024 RM'000 **Current tax** Malaysian - Current period 54,097 54,097 Total current tax expense Deferred tax Origination and reversal of temporary differences 9,128 Under provision in prior year 357

The Group's effective tax rates for the current quarter was 24.5% which was slightly higher than the 24.0% statutory tax rate mainly due to certain expenses was not deductible for tax purpose.

Revolving credit	380,000
Bank overdraft	29,019
Total short term loans	409,019
Long term - Unsecured loans	
Loan from a financial institution	300,000
Total long term loans	300,000

10 **Derivatives**

Total long term loans

a. Summary of outstanding derivative assets / (liabilities) as at 31.03.2024 :

	Type of derivatives	Notional Value RM'000	Fair Value RM'000	Difference RM'000	Ageing	
Forward e	exchange contracts	1,095,886	1,096,295	409	Less than 1 year	

b. Fair value changes of financial liabilities

Other than derivatives which are classified as liabilities only when they are at fair value loss position as at the end of the reporting period, the Group does not remeasure its financial liabilities at fair value after the initial recognition.

11 Material litigation

In March 2019, Nestlé Products Sdn. Bhd. ("NPSB" or "the Appellant"), a subsidiary of Nestlé (Malaysia) Berhad, was served with a Writ of Summons and Statement of Claim by Mad Labs Sdn. Bhd. ("Mad Labs"), seeking for amongst others, the sum amounting to RM139,344,262.25. Mad Labs alleged unauthorised use of their QR Code, breach of an implied contract, unjust enrichment and negligence. NPSB subsequently filed its Statement of Defence and a separate action against Mad Labs and its sole Director and shareholder, Chow Kien Loon for amongst others, to challenge the ownership of Mad Labs in the QR Code, negligence, unlawful interference with trade as well as defamation and trade libel. Both suits filed by Mad Labs and NPSB were subsequently consolidated and heard by the High Court (Intellectual Property Division). The trial which commenced in June 2021 concluded in April 2023, with the Hight Court delivering the following oral findings:

- Mad Labs does not own any intellectual property rights in the QR Code. Damages on royalty basis amounting to RM139,344,262.25 was dismissed;
- Mad Labs' claim for breach of an implied contract was dismissed;
- Mad Labs and its director were negligent; damages to be assessed in favor of NPSB;
- NPSB's report to the Malaysian Communications and Multimedia Commission was not malicious;
- While Mad Labs lacks ownership in the QR Code, it was generated by and under the exclusive control of Mad Labs which gave rise to Mad Labs having the "right to sell" the QR Code. NPSB was directed to compensate Mad Labs for continued use after the trial period;
- A permanent injunction against NPSB's use of the QR Code was granted;
- Mad Labs and its director were not found guilty of defamation and NPSB's claim for unlawful interference with trade was also dismissed.

The High Court has further directed for damages and costs to be separately assessed and determined.

Pending the issuance of the full written judgment by the High Court judge, both NPSB and Mad Labs have since filed their Records of Appeal with the Court of Appeal on 27 December and 28 December 2023 respectively to appeal against the High Court decision.

The solicitors, LindaWang Su & Boo, representing NPSB are of the view that NPSB has a reasonably fair chance of success in its appeal at the Court of Appeal. At this juncture, the Board is of the opinion that no provision needs to be made for this claim.

12 Dividend

No dividend is proposed in this quarter.

13 Profit for the period

Profit for the period is arrived at after charging:	
Depreciation of property, plant and equipment	
Depreciation of right-of-use assets	
Amortisation of intangible assets	
Finance cost of lease liabilities	
Impairment loss on property, plant and equipment	
Property, plant and equipment written off
