

# Simply DELICIOUS

Recipes specially created for people with diabetes

## Dear Readers,

Welcome to the second edition of 'Simply Delicious' that offers a whole new collection of interesting recipes with **NUTREN® Untuk Diabetik™** Formula Dietary Food. The recipes were created bearing in mind that wholesome and delicious meals can be easily prepared at home using **NUTREN® Untuk Diabetik™** Formula Dietary Food. With this booklet in hand, you'll be dishing up meals that can be enjoyed by all, diabetics who have special nutritional needs as well as anyone who appreciates good food.

'Simply Delicious' second edition is a special project headed by Nestlé Health Science Malaysia and supported by a team of dietitians from Sime Darby Healthcare. You can prepare the recipes with confidence knowing they have been tried and tested by our team which includes dietitians and culinary professionals. A recipe key nutritional chart is helpful when planning your daily menu.

I hope that you'll try out every recipe and discover new tastes that could be shared with family and friends. Every meal can be a journey of fresh experiences for everyone!

With healthy wishes,

**Complete and balanced nutrition for people who need to manage their blood sugar level.**

### **Glycemic Index (GI)**

The Glycemic Index (GI) is a measure of the effect carbohydrates have on blood sugar levels. Products with a low GI (less than 55) release sugar more slowly into the blood stream and thus leads to a smaller increase in blood sugar.

**NUTREN® Untuk Diabetik™ has a GI of 28**

### **Dietary Fibre**

The Malaysian Medical Nutrition Therapy Guidelines for Type 2 Diabetes recommend a daily intake of 20 – 30g dietary fibre.

**NUTREN® Untuk Diabetik™ contains unique fibre blend.**

### **Monounsaturated Fatty Acids (MUFAs)**

The Malaysian Medical Nutrition Therapy Guidelines for Type 2 Diabetes recommend maximising MUFAs intake in their recommendation on total fat intake per day. MUFAs lead to desirable blood lipid profiles, which is important in the management of diabetes.

**NUTREN® Untuk Diabetik™ is added with MUFAs.**

## HIGH FIBRE IDDLY

Makes 16 medium pieces

### Ingredients

- 1¾ cups uncooked rice
- ¾ cup black gram dhal
- 1 tbsp cooked rice
- ¾ - 1 cup water
- 1½ tsps salt
- 7 scoops **NUTREN® Untuk Diabetik™** Formula Dietary Food
- 1 tsp bicarbonate soda
- 1 tbsp chopped coriander leaves

### Method

1. Soak the rice and black gram dhal in water for 3 hours. Then wash and drain the rice and dhal.
2. Blend rice and dhal together with cooked rice and water. Adjust water as it should be just nice to cover the grains.
3. Add in salt to the batter and leave overnight, for mixture to ferment.
4. The next day before preparing the iddly, add **NUTREN® Untuk Diabetik™** Formula Dietary Food, bicarbonate soda and chopped coriander leaves; mix well. Pour batter into the iddly mould and steam for 15 - 20 mins.
5. Serve iddly with dhal curry.

*Good to know:*

*Brown rice can be used instead of white rice in the recipe.*

Serves 4

### Ingredients

#### Roti Jala

250g plain flour, sifted  
10 scoops **NUTREN® Untuk Diabetik™** Formula Dietary Food  
Pinch of turmeric powder  
½ tsp salt  
1 litre water  
1 whole egg, lightly beaten  
1 tbsp vegetable oil (greasing)

#### Chicken Curry

1 sachet MAGGI® Chicken Curry Paste  
5 shallots, 3 cloves garlic, 50g ginger (ground)  
4 stalks curry leaves  
3 cloves  
2cm cinnamon stick  
50g chicken breast; discard skin and fat, diced  
2 medium potatoes, diced  
2 cups hot water  
3 medium tomatoes, diced  
8 scoops **NUTREN® Untuk Diabetik™** Formula Dietary Food mixed with  
1 cup water

### Method

1. In a mixing bowl, mix well roti jala ingredients until smooth. Set aside for 10 minutes.
2. Heat non-stick pan and grease with a little oil. Using roti jala mould, swirl mixture on the pan. Cook over low heat until cooked and fold roti jala into desired shape. Repeat process until all the batter is used up.
3. In another saucepan, heat MAGGI® Chicken Curry Paste, ground ingredients, curry leaves, cloves and cinnamon stick until fragrant.
4. Add in chicken and potatoes; fry for 5 minutes. Pour in water and simmer for 30 minutes over low heat.
5. Add in tomatoes and cook for 2 minutes. Mix in **NUTREN® Untuk Diabetik™** Formula Dietary Food and stir for a while.
6. Serve chicken curry with roti jala.
