Dear Sir/Madam,

<p style="text-align: center;">Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature</p>

1. Introduction

At the previous AGM of the Company held on 30 April 2020, Nesmal had obtained a mandate from you for Nesmal and/or its subsidiaries to enter into RRPTs with Related Parties in the ordinary course of business based on commercial terms which are not more favourable to the Related Parties than those generally available to the public which are necessary for Nesmal Group's day-to-day operations.

The said mandate for RRPTs shall, in accordance with the Listing Requirements, lapse at the conclusion of the forthcoming AGM unless authority for its renewal is obtained from the Shareholders of Nesmal at the forthcoming AGM.

On 19 March 2021, the Company announced to BMSB that the Board proposes to seek its Shareholders' approval for the Proposal in accordance with Paragraph 10.09, Part E of Chapter 10 of the Listing Requirements.

The purpose of this Circular is to provide you with details of the Proposal, to set out the recommendation by the Board thereon and to seek your approval for the ordinary resolution pertaining to the Proposal to be tabled at the forthcoming AGM.

2. Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature

2.1 Background

Pursuant to Paragraph 10.09, Part E of Chapter 10 of the Listing Requirements, a listed issuer may seek Shareholders' mandate for the RRPTs which are necessary for its day-to-day operations subject to the following:

- (a) The transactions are in the ordinary course of business and are on terms not more favourable to the Related Parties than those generally available to the public;
- (b) The Shareholders' mandate is subject to annual renewal and disclosure is made in the Annual Report of the aggregate value of transactions conducted pursuant to the mandate during the financial year where the aggregate value is equal to or exceeds the applicable prescribed threshold under Paragraph 10.09(1) of the Listing Requirements;
- (c) The issuance of a circular to Shareholders for the Shareholders' mandate containing information as prescribed in the Listing Requirement;

- (d) In a meeting to obtain Shareholders' mandate, a related party with any interest, direct or indirect ("Interested related party"), must not vote on the resolution to approve the transactions. An interested related party must also ensure that persons connected with him abstain from voting on the resolution approving the transactions; and
- (e) The Company will immediately announce to BMSB when the actual value of the RRPTs entered into by the Company, exceeds the estimated value of the RRPTs disclosed in the Circular by 10% or more inclusive of any information as may be prescribed by BMSB.

The principal activity of Nesmal is investment holding. The principal activities of its subsidiaries involved in the RRPTs are as follows:

Name	Effective ownership interest as at 1 March 2021 (%)	Principal activities
NPS	100	Marketing and the sale, both locally and for export, of ice cream, powdered milk and drinks, instant coffee and other beverages, chocolate confectionery products, instant noodles, culinary products, cereals and related products.
NAM	100	Manufacturing and sales of chocolate confectionery products.
NMM	100	Manufacturing and exporting of ice cream, powdered milk and drinks, liquid milk, instant coffee and other beverages, instant noodles, culinary products, cereals and related products.

It is anticipated that Nesmal Group would, in the ordinary course of its business, enter into the RRPTs which are necessary for the day-to-day operations with the classes of Related Parties which are disclosed in Section 2.2 of this Circular. It is likely that such transactions will occur with some degree of frequency and could arise at any time.

The Board is seeking Shareholders' mandate which would allow the Nesmal Group to enter into the RRPTs as specified in Section 2.3 of this Circular with the classes of Related Parties as set out in Section 2.2, provided such transactions are necessary for its day-to-day operations, in the ordinary course of its business and are carried out on normal commercial terms and are on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority Shareholders.

(The remainder of this page has been intentionally left blank)

The Proposal will, if approved by the Shareholders at the forthcoming AGM, apply in respect of the RRPTs to be entered into as set out in Section 2.3 of this Circular and shall take effect from and including 28 April 2021, being the date of the forthcoming AGM, and shall continue to be in force until:

- (i) the conclusion of the next AGM of the Company following the forthcoming AGM at which such mandate was passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (ii) the expiration of the period within which the next AGM after the date it is required to be held pursuant to Section 340(2) of the Act but must not extend to such extension as may be allowed pursuant to Section 340(4) of the Act; or
- (iii) revoked or varied by resolution passed by the Shareholders in a general meeting;

whichever is the earlier.

Thereafter, approval from the Shareholders for renewal of the mandate and new mandate (if any) will be sought at each subsequent AGM of the Company.

2.2 Classes of Related Parties

The Proposal will apply to the following classes of Related Parties:

(a)	Related Transacting Parties	Principal activities	Interested Major Shareholder

SPN is also the holding company of PPM, Wyeth (Hong Kong) Holding Company Limited and NTC-MEA. CPM is a 50%-owned subsidiary of SPN and WN is a wholly owned subsidiary of Wyeth (Hong Kong) Holding Company Limited.

Note: (1) The estimated value is based on projected growth, commodity prices and foreign exchange rates. The estimated value may vary and is subject to change.

2.3(b) Outstanding amount due under the RRPTs

As at the financial year ended 31 December 2020, there was no material amount due and owing by the Related Parties to the Company that has exceeded the credit term.

2.4 Deviation from Mandate

The actual value of RRPTs did not exceed the estimated value as approved under the previous Shareholders' mandate granted to the Company at the last AGM.

2.5 Rationale

The RRPTs to be entered into by the Company are all in the ordinary course of business and reflect the long term commercial relationship between the parties. The RRPTs are undertaken on terms that are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority Shareholders. All the transactions will be conducted on an "arm's length basis". It is envisaged that in the normal course of the Company's business, the RRPTs between the Nesmal Group and the Related Transacting Parties are likely to occur from time to time and it may be impractical to seek Shareholders' approval on a case to case basis before entering into such RRPTs. The seeking of Shareholders' mandate for the Proposal and the renewal thereof on an annual basis would avoid the necessity to convene separate general meetings from time to time to seek Shareholders' approval as and when the RRPTs occur or arise. This would substantially reduce administrative time, inconvenience and expenses associated with the convening of such meetings on an ad-hoc basis, and allow manpower resources and time to be channelled towards attaining other corporate objectives. Additionally, the Related Transacting Parties have been reliable suppliers and/or customers of the Company for many years. Hence, the Directors are seeking approval from the Shareholders on the RRPTs as described under Section 2.3 of this Circular.

2.6 Benefits of the RRPTs of a revenue or trading nature

The RRPTs are mainly between the Nesmal Group and the Related Transacting Parties. The close commercial relationships that had been established with the Related Transacting Parties have created an effective network that the Company can draw upon to support its operational needs, deriving synergistic and operational benefits to support its marketing, distribution and manufacturing functions. The continuous support that is extended by the Related Transacting Parties is important and forms an integral part of the Company's corporate strategy to operate as an operation in Malaysia and the linkages between the Nesmal Group and the Related Transacting Parties serves to benefit the Group, which include improvements in the allocation and utilisation of resources, the sharing of marketing, sales and distribution strategy and the consistent supply of machineries, raw and packaging materials and constant availability of skilled personnel.

(The remainder of this page has been intentionally left blank)

2.7 Methods or procedures of determining the terms of the RRPTs

Generally, the prices, terms and conditions of the RRPTs are based on market rates and the availability of the amount and/or resources to be transacted and negotiated on a willing buyer willing seller basis. The Company has established an internal review procedure whereby the RRPTs are undertaken on terms that are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority Shareholders. The terms of reference of the Audit Committee shall include a review of the RRPTs entered into pursuant to the Proposal, to ensure that they are transacted on terms and conditions which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority Shareholders in the light of the circumstances concerned. The review procedure will also ensure that the transactions are undertaken on an “arm’s length basis”. As part of the Audit Plan, the internal auditors will carry out a review to ascertain that the procedure established to monitor the RRPTs have been complied with. If a member of the Board of Directors or the Audit Committee has an interest, as the case may be, he shall abstain from any decision making by the Board of Directors or the Audit Committee in respect of the RRPTs.

At least three (3) other contemporaneous transactions with unrelated third parties for similar products, services and/or quantities will be used as comparison, whenever possible, to determine whether the price and terms offered to or by the Related Parties are fair and reasonable and comparable to those offered to or by other unrelated third parties for the same or substantially similar type of products, services and/or quantities. In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by the Group based on those offered by or to other unrelated parties for the same or substantially similar type of transaction to ensure that the RRPTs are not detrimental to the Company or the Group.

2.8 Threshold of Authority

There is no specific threshold for the approval of Recurrent Related Party Transactions within the Group as the transaction prices entered with the Related Parties are guided by the prevailing market prices carried out on “arm’s length basis”, on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority Shareholders. All RRPTs entered into by the Nesmal Group are approved and monitored by the Audit Committee and approved by the Board. The interested Directors had abstained from all deliberations related to the RRPTs.

2.9 Conditions and disclosure of the Proposal

The Proposal will be subject to annual renewal and shall only continue to be in force until each subsequent AGM of the Company at which the Proposal will be tabled annually or revoked or varied by resolution passed by the Shareholders of the Company in a general meeting, whichever shall first occur. The breakdown of the aggregate value of the RRPTs conducted pursuant to the Proposal during the financial year ended 31 December 2020 will be disclosed in the annual report of the Company based on the type of the RRPTs.

2.10 Statement by the Audit Committee

The Audit Committee of the Company has seen and reviewed the procedures established in Section 2.7 of this Circular in the treatment of RRPTs and are satisfied that the procedures are sufficient to ensure that the RRPTs are monitored, tracked and identified in a timely and orderly manner. The RRPTs will be undertaken on terms which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority Shareholders. It is the view of the Audit Committee that the review procedures are sufficient to ensure that the transactions are conducted on an “arm’s length basis”. Furthermore, the Audit Committee of the Company shall also have the discretion to request for additional procedure to be followed if it considers such a request to be appropriate. The RRPTs are presented to the Audit Committee and the Board on a quarterly basis whereas the RRPT procedures and processes are reviewed annually by Nestlé Internal Audit and thereafter presented to the Audit Committee and to the Board.

2.11 Major Shareholders’ and Directors’ interests

Save as aforesaid, none of the other Directors and/or Major Shareholders of the Company and/or persons connected to them have any interest, direct or indirect, in the Proposed Renewal of Shareholders’ Mandate. The Chief Executive Officer, Juan Aranols and Chief Financial Officer, Craig Connolly, have abstained and will continue to abstain from Board deliberations in relation to the RRPTs that involve the interest of Nestlé S.A.
